 ICB WATERPROOFING

alwitra<sup>a</sup>

 FLEET

 STRATA

# 3 DAY TRAINING PROGRAMME

## SINGLE PLY

**alwitra<sup>a</sup>**

### DAY 1

9.30 **Introduction to ICB and Products**  
Including ICB Health and Safety, Environmental and Quality Policies, Products, 3 Main Roof Systems (Warm Roof, Inverted and Green Roof)

9.45 **Practical Training Single Ply**  
Hot Air Seam Welding and Cross Seams

10.45 **Break**

11.00 **Practical Training Single Ply**  
Hot Air Seam Welding

12.30 **Lunch**

13.00 **Practical Training Single Ply**  
Internal and External Corner Membrane Penetrations SVP and Square Post

15.00 **Break**

15.15 **Practical Training Single Ply**  
Internal and External Corner Membrane Penetrations SVP and Square Post

17.00 **End**

### DAY 2

9.00 **Theory Training**  
Fully Bonded Systems Mechanical Fixed Systems

9.45 **Practical Training Single Ply**  
Drip Edge and Water Check Outlets

10.45 **Break**

11.00 **Practical Training Single Ply**  
Drip Edge and Water Check Outlets

12.30 **Lunch**

13.00 **Practical Training Single Ply**  
Installation of Profiles Solvent/Hot Air Welding Seams  
Termination at Upstands

15.00 **Break**

15.15 **Practical Training Single Ply**  
Installation of Profiles  
Solvent Welding Seams, Rooflights and Special EVA Trims  
Termination at Upstands

17.00 **End**

### DAY 3

9.00 **Theory**  
Completed Project Slides Show Finished Details Slide Show  
Membrane Walkways Systems Associated Products supplied by ICB

10.45 **Break**

11.00 **Practical Test Single Ply**  
**Lunch**

13.00 **Practical Test Single Ply**

15.00 **Break**

15.15 **Practical Test General**

16.00 **Badge Presentation/Analysis**  
(Certificates will be sent directly to company)

17.00 **End**

# 1 DAY TRAINING PROGRAMME

## SINGLE PLY

**alwitra<sup>a</sup>**

### DAY 1

#### 9.30 **Introduction to ICB and Products**

Including ICB Health & Safety, Environmental and Quality Policies, alwitra System Components

#### 10.00 **Practical Training Single Ply**

alwitra basics, including welding and detailing

#### 11.00 **Break**

#### 11.15 **Practical Training Single Ply**

Detailing to include pipes & posts

#### 12.30 **Lunch**

#### 13.00 **Practical Training Single Ply**

Full alwitra rig, to include internal and external corners, trims, etc.

#### 14.45 **Break**

#### 15.00 **Practical Training Single Ply**

Continuation of the full alwitra rig.

#### 16.00 **Badge Presentation & Analysis**

#### 16.30 **End**

# 1 DAY TRAINING PROGRAMME

## FLEET PMMA

## LIQUID APPLIED WATERPROOFING

### DAY 1

- 9.30 **Introduction to ICB and Fleet PMMA Products**  
Including ICB Health & Safety, Environmental and Quality Policies, PMMA System Components
- 10.00 **Practical Training**  
Detailing to include Upstands, Internal & External Corners
- 11.00 **Coffee**
- 11.15 **Practical Training**  
Detailing to include Pipes & Outlets
- 12.30 **Lunch**
- 13.00 **Practical Training**  
To include Field Sheet, Flat Area installation & Wearing Courses
- 14.45 **Tea Break**
- 15.00 **Practical Training**  
To include Sealer Coats and Tile Effect
- 16.00 **Badge Presentation & Analysis**
- 16.30 **Finish**

# ICB GROUP

◆ ICB PROJECTS  
◆ ICB FABRICATIONS  
◆ ICB WATERPROOFING

Together, the ICB Group of Companies provides an enviable suite of solutions for the construction industry, backed by the assurance of full ISO accreditation for quality, environment and health & safety. We operate from both our HQ in Poole, Dorset and our additional facilities situated in Cardiff, Nottingham and Coatbridge, Scotland.

As ICB (Waterproofing) Ltd, we are one of the UK's leading providers of waterproofing solutions, specialising in flat roofing projects. We offer a range of waterproofing solutions, including reinforced bituminous membranes and liquid applied systems, but our strongest expertise lies in single ply membrane solutions where we are the UK's exclusive distributor of alwitra®, a world-leading system of integrated components offering perfect roofing solutions for new build and refurbishment projects.

Our solutions are globally tested and proven, and when you buy from us, you also receive access to our expert consultants. Their knowledge and industry experience are second to none, and they can help ensure the solution you install is both quick and easy to apply and long-term reliable.

Through our sister company, ICB (Fabrications) Ltd., we are able to offer bespoke metal fabrications and provide these in mill finish or polyester paint coated to any RAL colour desired. A full survey/drawing and design service is also available. ICB (Projects) Ltd. completes the group and provides a design and installation service for ancillary flat roofing products and solutions such as Solar PV, Roof Gardens and Roof Safety Systems, as well as providing installation for ICB (Fabrications) Ltd.

The main idea behind ICB has always been to offer superior quality solutions, whatever the application. That means having great products and offering professional technical backup together with first-class customer support. Into this mix, we try to carry out our business in as environmentally friendly way as possible and indeed in a friendly and socially responsible manner. This attitude has served us well for over 35 years, and we aim for it to continue doing so.
