Storage temperature	+10 °C to 25+ °C
Substrate temperature	+ 5°C to +80 °C
Ambient temperature	+ 5°C to +40 °C
Quantity applied	1- ml/tile
Open time	Approx. 10 min

For application of alwitra EVATACK, any standard caulking gun can be used.

APPLICATION

An adhesive bead (approx. mm wide) is applied to the lower side all around the maintenance walkway tile close to the edges. Then the tiles are put in place, aligned and slightly pressed on. It is recommended to install the tiles with a joint spacing of more than 50 mm. alwitra EVATACK may be visible at some parts along the edges. One cartridge will bond approx. 10 maintenance walkway tiles.
